## MITCHELL TO CHALLENGE MEMBERS OF COURT

### Mitchell to Go On Trial Wednesday

**Long Waited Court-Martial Is To Be Started on Wednesday**  
**13 MEMBERS ARE ON COURT**  
**Every Member of Board to Be Challenged by The Defense Counsel**

(By Universal Service)  
WASHINGTON, Oct. 26.—Besides challenging all the members of his court-martial Board on the charge that they are not flying officers, Colonel William Mitchell will challenge several members of the board on other charges that they are unfit to sit on the board it was indicated by the defense counsel here tonight.  
Several of the board will be challenged because they are said to be personal enemies of Colonel Mitchell and at least two of the members of the board are said to have expressed themselves publicly as opposed to the policies as advocated by Colonel Mitchell. It is hinted that several of the members of the board have expressed themselves as being opposed to Colonel Mitchell on personal reasons.  
The court composed of twelve generals and one colonel are scheduled to convene here on Wednesday morning to try Colonel Mitchell under the 95th Article of war. The charge is the direct result of Colonel Mitchell's criticism of the air policy of the United States Army and Navy.

### Permit Granted For Reshingling Of Restaurant

A permit was granted by the city council last night to B. M. Hansen to lay a semi-fireproof shingle roof on the Derby Restaurant on Macdonald Avenue between sixteenth and seventh street.  
This matter was referred to a committee consisting of the Building Committee, the City Attorney, Fire Chief and City Manager by the City Council at its meeting last Monday night.  
City Manager J. A. McVittie in reporting to the council stated that the question which would have to be decided by the council would be that of whether a permit be granted and the building be occupied of the building stand vacant for the winter. He pointed out that the condition of the building at the present time would not permit it to be occupied during the rainy weather.  
Fire Chief Cooper recommended against the granting of the permit on the ground that fire hazard would be tolerated by the council. He pointed out that if the building were repaired in its present condition and a restaurant were conducted there with the necessary ranges it would present a fire hazard far greater than if the building were not repaired and forced to stand vacant.

### JUSTICE HEMME SUFFERS STROKE

DANVILLE, Oct. 26.—Stricken with apoplexy, Justice of the Peace William Hemme of this city lies in a critical condition and is expected to die at any moment, at the Martinez hospital, where he was taken after the stroke on Saturday. Mrs. Hemme was summoned hurriedly to her husband's bedside this morning.

### Mrs. Quinn Informed Of Death of Father

The many friends of Mrs. Velma Quinn will be sorry to hear that she has received word of the death of her father in Des Moines, Iowa.

### WAREHOUSING AT WHARF HERE IS ALMOST NOTHING

(INSTALLMENT NO 11)

Figuring storage on an average yearly basis, the amount of business that the City of Richmond did in warehousing for the fiscal year, ending June 30, 1925, was practically nil, when you take into consideration the amount of storage space that is contained in the wharf and wharf shed.

There was \$6,059.70 collected for storage during the past fiscal year. The rate is 15 cents per ton, for all goods left over 15 days. Averaging this amount up for 12 months, it would represent a total of about 3300 tons.

The wharf shed alone has a storage capacity of 18,000 tons, and the wharf as much more, but it would seem that all effort has been to secure goods that passed through the wharf as soon as possible, and before the expiration of the free time limit.

Figuring no storage collected for the wharf at all, if an effort was made to secure goods that would remain in the wharf shed, and it was filled to its capacity, there would be a revenue to the city of \$2700 per month, or \$32,400 a year, from this one source alone.

This would leave wharf No. 1 free for transit goods, on which no warehousing charges would be collected, but tolls for goods passing over the wharf would be received.

The wharf and wharf shed should be paying the City of Richmond a good revenue at the present time, and it would under a strict business arrangement, whereby the city would be getting what was rightly its due, and the Richmond Terminal Corporation was not permitted to walk off with all of the "cream."

The wharf and wharf shed that the city now owns, but which it does not operate, is capable of handling 300,000 tons of goods a year.

How much longer the deficits are to be permitted to continue, and the flow into the pockets of San Francisco men, without any recompense to the City of Richmond, the taxpayers of the city are patiently waiting to ascertain.

And last year the Richmond Terminal Corporation paid into the City of Richmond for the use of equipment \$32.17.

### Interference With Funeral Procession To Be Prohibited

Upon the recommendation of councilman E. J. Garrard the city council last night instructed city attorney D. J. Hall to prepare an ordinance which would prohibit cutting on or interfering with funeral processions.

In asking for a police escort or an ordinance covering funerals Garrard recalled an incident which he stated occurred last week during a funeral when a truck load of dust and dirt assisted by a heavy wind made it rather uncomfortable for a funeral cortege.

Under the proposed ordinance it would be unlawful to break into or in any manner drive a vehicle that would in any way interfere with a funeral or funeral procession. This ordinance would give police officers to act as escorts for a funeral procession.

### Street Light for 11th and Barrett

The Lighting committee of the City Council last night recommended the installation of a street light at Eleventh street and Barrett avenue. Upon being presented to the council the work was ordered.

### MISS CHARLOTTE ANITA WHITNEY, CLUBWOMAN TO SERVE PRISON TERM OF 1 TO 14 YEARS AS RADICAL

Five years ago, Miss Whitney prominent social worker and a pioneer suffragist in California, was convicted of a charge of violating the criminal syndicalism act and sentenced to term of one to fourteen years. When the United States Supreme Court recently refused to accept jurisdiction in her case she advised the San Quentin prison officials she would surrender.

### Testimony of Peacock Heard In Golett Trial

With C. E. Peacock, one of the defendants on the stand, the Golett Oil fraud case, which had been postponed for a week because of the illness of Superior Judge Fred T. Wood, was resumed yesterday. Mrs. Peggy Reeves, R. E. Reeves and Franklin P. Davis, are the other defendants on trial, who are being defended by Pierce and Carlson, local attorneys.

"I could have sold ten times the amount of Golett stock that I did and could have obtained any price I wanted for it. In fact the week before I was arrested I was offered \$5 a share for 5000 shares," Peacock testified during the course of the trial.

"There never was a time that I could not have paid for more stock than was allotted to me," Peacock continued during the course of his testimony. He stated that there were only two occasions when he had paid for stock before actually receiving it.

Peacock testified further that he did not deal directly with Reeves but that a chain had been established of Reeves to Davis to Peacock, in the delivery of the stock, which had been religiously followed.

All of the defendants are on trial on a charge of conspiracy to commit grand larceny through the sale of stock in the Golett Oil company.

### Oakland Invites Richmond To Help Adjust Traffic

A request from the Downtown Association of Oakland, sent through a communication from its secretary, George E. Sheldon, the city council last night was requested to co-operate with the Oakland organization in re-adjusting the traffic problem of Oakland.

One of the recommendations which has been made for an improvement of traffic in the East Bay is a bus service from Richmond to Fourteenth and Broadway to Oakland.

After a general discussion the matter was referred to City Attorney D. J. Hall for a report at the next meeting of the council.

### MARRIAGE LICENSE

A marriage license was issued in Oakland to Charles S. Pierce, 29, and Ella J. Kaskosky, 22, both of Richmond.

### VACCINATION IS ONLY SURE WAY TO CURB DISEASE

With four new cases of smallpox reported over the week-end, Dr. C. R. Blake, health commissioner and his assistants are bending every effort toward stamping out the disease here. A total of twelve cases have been reported up to the present time.

According to Dr. Blake, vaccination is the only sure preventive from smallpox. In discussing vaccination and its effects as a preventative Dr. Blake made the following statement:

"True vaccination always prevents smallpox. Nothing else does. Vaccination, properly done, never did and never will make a serious sore or produce untoward results.

"The improvement in the preparation of pure vaccines is so great that there is now no cause for fear of bad results from vaccination. The smallpox patient of today is a victim of ignorance or neglect, that small-

### Monett to Build Salesroom For Used Car Dept.

That another addition will be made to Richmond's automobile row was indicated yesterday when C. D. Monett head of the Monett Motor company of Richmond purchased the northwest corner of Macdonald avenue and Fourteenth street through the M. A. Hays company.

According to Monett he expects to erect a one story automobile salesroom and shop on the property in the near future. This building is to be used to house the used car department of the Monett company.

### Garage Permit Is Granted

Upon a recommendation made by the city planning commission, the city council last night granted a permit to A. C. Foote to conduct an automobile salesroom and repair shop at 193 Espee avenue. The permit was requested from the council last week, but was turned over to the planning commission for a report.

### INVESTIGATION LAUNCHED INTO DIABLO FLAMES

Official investigation was started yesterday afternoon into the fire which swept the foothills of Mt. Diablo Sunday night from Pine Canyon southward, toward the Blackhawk ranch, and the Diablo Country club. The fire is said to have started on the G. W. Emmons ranch from a lighted cigar, cigarette or match thrown away carelessly by an unknown person.

The fire fanned by a high wind was fought by more than a hundred volunteer firemen. By back firing the flames, which for a time threatened a number of ranches and the Diablo Country club, was practically under control at noon yesterday. A shift in wind helped the firemen in fighting the flames.

According to State Fire Warden William Jordan, the flames were discovered at about noon Sunday. Between 3000 and 4000 acres were burned over and three persons were burned, they included: A. M. Follen, mueller, chief of the Danville fire department and L. C. Nelson and James P. Root from Danville. The trio was burned when a sudden shift in the wind shut them off from escape behind a wall of flame.

### Merchant's Ass'n. Will Assist in Legion Program

Every available support will be given to the American Legion observance of Armistice week here it was decided at the meeting of the Richmond Merchant's Association last night. John Cuthbert chairman of the celebration committee of the legion appeared before the meeting last night and told of the plans that the legion had in mind for the week.

During the American Legion Armistice week celebration, Richmond will be ruled by a disabled war veteran, John Cuthbert, committee chairman announced. Disabled veterans will be paid due honors during this celebration and it was decided more appropriate to have a disabled soldier than the customary queen.

A special membership meeting of the legion to go over the celebration plans will take place at Memorial hall Friday night.

Kenneth A. Millican, San Francisco banker was the guest of honor and speaker at the meeting last night. Millican stressed the need of optimism and good sportsmanship in business in one of the best as well as most humorous talks that has been heard by the association.

Aubrey Wilson of Wilson and Kratzer, and Adolph Winters music dealer were admitted to membership of the association last night.

Plans were discussed for another get-together dinner for employees along the lines of one held several months ago. The merchants are also planning to stage of golf tournament. Final plans for the tournament are to be discussed during the week.

Street decorations for the holiday season will be arranged it was indicated at the meeting. Plans for these are expected to be perfected within a short time.

Bert Carter and Emil Esola entertained with several song selections last night.

### Rate Hearing Will be Resumed

City Attorney D. J. Hall reported to the city council last night that the rate hearing which has been in progress for some time before the Railroad Commission would be resumed in Oakland tomorrow after being adjourned for several days. Hall is representing Richmond's interest at the hearing on the question of rate adjustment.

### Greek-Bulgarian Conflict Declared Finally Finished

(By Universal Service)

ATHENS, Oct. 26.—Once more the war is over. Reported several times before that the difference had been settled, Greece and Bulgaria seems to be in earnest this time.

The Greek government has informed the powers that a mutual agreement has been reached and that the two powers are ready to withdraw troops from each others territory.

### ULTIMATUM GIVEN

PARIS, Oct. 26.—An ultimatum handed to the Greeks and Bulgarians by the council of the League of Nations in session here demands that both countries acknowledge the authority of the League of Nations to intervene in the dispute within 24 hours. Greece was given sixty hours in which to withdraw her troops from Bulgarian soil.

### To Buck Santa Fe's Eleventh Hour Decision

MARTINEZ, Oct. 26.—Ralph Arnold county engineer, left yesterday for Los Angeles, where he met today with officials of the Santa Fe railway, in an effort to prevail upon them to reconsider their demands for a change in the plans for the subway near the Antioch-Sherman island bridge, on the highway being built at the present time.

The plans and contracts for the work were drawn by the Santa Fe engineers and when approved, but not signed, were forwarded to the Board of Supervisors with the official statement that they were satisfactory to the railroad and would be signed when the county approved. The plans were approved by the supervisors, bids were advertised and many sets of specifications were issued to contractors.

Then out of a clear sky came the notification from the Santa Fe that instead of signing the contract the railroad wanted certain changes made which would make the job more costly to this county.

This is responsible for Arnold being delegated to leave hurriedly for Los Angeles, in an effort to have the Santa Fe engineers reconsider and approve the plans as originally approved. Arnold is expected to return Tuesday morning.

### New Home Of Odd Fellows Is Occupied

The new Independent Order of Odd Fellows hall on Tenth street, dedicated last Saturday, was occupied for the first time last night when Eclipse lodge No. 40, I. O. O. F. held a meeting there. To make the occasion one to be long remembered by local Odd Fellows, 150 members turned out. This is the largest number of Odd Fellows ever to attend a meeting in Richmond. F. H. Hooper, noble grand, presided.

Eclipse lodge is endeavoring to arrange for a joint installation of the five lodges of this district in the new hall early in January, 1926. Plans for this event are being started early as it will be one of the greatest affairs ever held here.

The members of the lodge will go in a body to Martinez on November 14, to attend a district meeting. Fidelity lodge, of San Francisco, will be in Richmond on November 9, to confer the third degree on a class of candidates.

### FIVE NABBED FOR SPEEDING

State Traffic officer R. R. Cheek cited five motorists arrested on San Pablo avenue to appear before Justice John Roth this week. They were Mrs. H. L. Hamilton, Belmont, W. H. Easton, San Francisco, A. A. Zahmister, El Cerrito, Floyd Walker, San Francisco, and J. J. Sullivan.

French Charged With Suppressing Accurate Information Regarding Bombing

(By Universal Service)

LONDON, Oct. 26.—A sensational telegram from the Secretary of the Palestine Arab Congress sent to the National Public Party the local organization of the Arab body, was made public here tonight.

The telegram states that the French have continued to bomb Damascus for the past fifty hours. The bombing is said to have grown out of a charge that a Hassan Kharras raiding party had attacked and burned the police post of Damascus.

Instead of meeting the raiding party, according to the telegram the French started to bomb the city from the citadel. The telegram states that thousands are homeless and without food.

The British council is said to have voluntarily offered to guard the Arab refugees. During the latter part of the bombardment the buildings of the British council are said to have been destroyed.

The French are charged with suppressing an accurate news, regarding the state of affairs at Damascus.

It is said that more than 25,000 women and children have perished in the bombing.

The British Foreign office here stated that they had not received any news corroborating the telegram but that the British council was safe.

### County Hospital Liquor Vault Is Heavily Guarded

MARTINEZ, Oct. 26.—The United States Mint and the Liquor vault of the Contra Costa hospital, are the two best guarded spots in the world. W. H. Hough, hospital superintendent announced today.

Several attempts have been made by persons to enter the vault. Even though these attempts have been unsuccessful, Hough is taking no chances. The vault that guards the liquor and alcohol supply for the hospital patients is of concrete, but like most worldly things it has a vulnerable spot.

This spot is a wooden floor. It's not vulnerable any more. Hough has installed a complete burglar alarm system that will give warning in several advantageous parts of the building, as soon as the door of the vault is open and Hough declares that any liquor now obtained unlawfully from the vault will go to the thief with his blessings.

## CHEVROLET IS POPULAR MODEL OF SMALL CAR

The trend of popular demand toward quality and performance of the highest type in low cost automobiles is strongly evidenced in the fact that Chevrolet held the sales leadership for the entire Pacific Coast during the month of September, according to F. N. Coats, regional sales manager of the Chevrolet Motor Company of California.

"A few years ago motor car buyers were almost a unit in the belief that quality and low cost could not be combined in an automobile. In the new Chevrolet series 'K' such a combination has been proven possible and our sales volume of 1000 new Chevrolets a week convinces me that the motoring public realizes how far we have gone to produce such a quality car," said Coats.

"The business man of today is quite content to drive a Chevrolet down to his place of business. In design and construction and finish it measures up fully to much more expensive automobiles with the added feature of easy driving and a maneuverability in close traffic and crowded parking places impossible with a larger and heavier car.

"Close inspection of every part from the raw material to the finished product, a Fisher body that is tooled and upholstered with the same care as if the car were to sell for a thousand dollars more, and power which enables the Chevrolet owner to climb hills with greater facility than most cars of considerably greater cost are among the factors that have given Chevrolet the leadership in sales volume regardless of price.

"Many business men have become so thoroughly 'sold' on Chevrolet quality and ease of driving that they have provided a second car for the family—for the wife to use for her shopping trips, or the children for school, the football game tennis or golf. They realize that it costs less to own and operate two Chevrolets, without counting the convenience, than to own a single car that requires the entire family to be together if its full benefit is to be obtained.

"Sturdy performance under all conditions of travel and over long periods of time has developed a following that is constantly increasing the already large family of Chevrolet owners everywhere and has given us a most enviable position in Pacific Coast automobile circles."

Misses Irene and Edna Leher were guests of Mrs. Jessie Brammer, of Vallejo formerly of Richmond, over the week-end. They celebrated Junior Brammer's sixth birthday.

Jersey City, N. J.—"A letter which I read in the paper about Carter's Little Liver Pills fitted my own case so closely that I could not help trying them and am very happy I did." So writes Mr. Frank J. Trumbull, whose letter goes on to say, "I had heard about Carter's Little Liver Pills for years but never knew they helped overcome poor appetite and sour stomach, until I read about another man in the same plight who took Carter's with good results. I tried them and can honestly say that they freed me of nasty gas on stomach, so that I can now eat without getting bilious, and they improved my appetite fully 100%. You can rest assured that from now on I will boost Carter's Little Liver Pills whenever I can." At All Druggists.

## October Sales Of Automobiles Break Records

(By Universal Service)  
DETROIT, Oct. 26.—Testifying to the sustained demand for automobiles in all parts of the country, September motor car production was the greatest monthly girth in two years, with one exception. Nearly every factory reports that September and October business will far exceed that done during corresponding months of previous years.

Ford factories here are running at the astonishing pace of 8,209 cars and trucks daily. This exceeds by 1,000 cars the best daily performance in the history of the company. For the last two months, Ford has been hiring 500 men daily and is continuing to take on help. He is now employing 130,000 men in Detroit.

Durant steps into the lime-light this week in one of the year's biggest surprises with the announcement of a new line of Star six cylinder models, of which 75,000 are scheduled for 1926. The new six is now in production and will go on display generally, early next month.

The motor will be of the L-head type, bore two and three quarters, stroke four and three quarters and will develop forty brake horse power. All models will sell for less than \$1,000. There will be three models, coach, coupe and sedan, each selling for less than \$1,000. The wheel base is 107 inches.

Work was started last week on a new \$5,000,000 body plant for the Hudson Motor Car Company. When completed this plant will have a capacity of 2,000 closed bodies daily and will be devoted exclusively to the production of Hudson and Essex coaches. It will be the largest plant in the world devoted exclusively to one type of body.

Hudson-Exsco prices took another drop last week, when both coaches were each cut \$35 and the Hudson Brougham and Hudson Sedan were reduced \$45.

The latest reduction brings Hudson-Exsco products down the one of the most outstanding values in the industry. Buick is running at a record clip. Production is progressing at the rate of 1,000 cars a day. It is expected that Buick will make more than 200,000 cars this year as compared with 160,000 for 1924.

Willis-Overland is also doing a thousand a day and finding difficulty in taking care of the Knight motor business. Olds, at Lansing, is building additions to the factory to enable the company to double its production by the first of the year if demand continues at the present rate.

Production of the Fordson Snow motor has been started at the factory of Snow Motors Inc., here. This vehicle, the latest to be put out by the Ford organization, is as its name suggests, designed for use in snow. Because of its peculiar construction, the Snow motor either rides over the tops of drifts or, if heavily loaded, breaks the roads so that teams or automobiles can readily follow after it.

## Elks to Hold Annual Roll Call Tonight

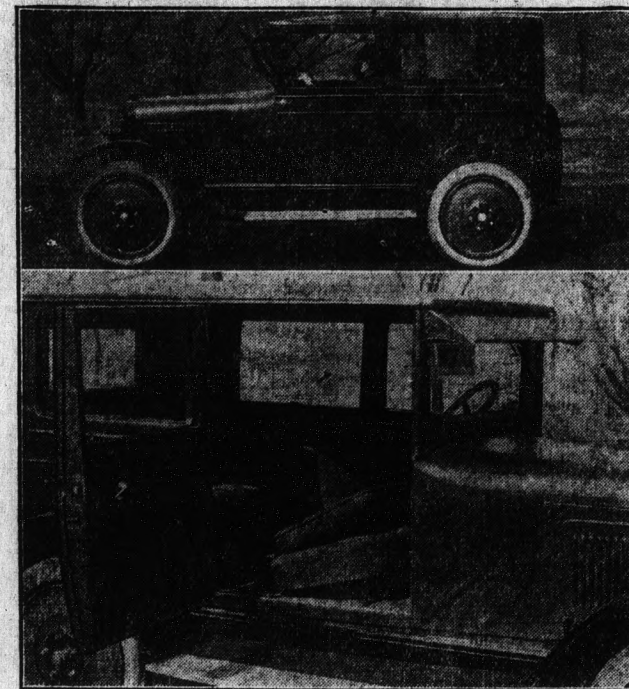

Richmond Lodge of Elks will hold its annual roll call at the meeting this evening. A class of candidates will also be initiated at the meeting. A lively program is anticipated with H. E. Near of Walnut Creek in charge.

Frank Gordon will be presented with the champions cup as the best golfer in the club and Dr. A. J. Hinkley will be presented with the runner-up's cup.

## Sunday Service Opens Big Week At St. Edmunds

Opening the Sunday services at St. Edmund's Episcopal church, Rev. H. I. Oberholzer celebrated the Holy Eucharist at 7:30. Under supervision of Charles Babcock, superintendent, assisted by W. M. Burke, church school was held at 9:30. The children brought many gifts for Christmas presents for a missionary school in the Philippine Islands. Mrs. M. Powell and Mrs. Mary Robertson provided floral decorations.

"What Shall I do to Inherit Eternal Life," was the topic of the sermon, delivered at the 11 o'clock service by John L. Bate of Trinity church. At the same time Rev. Oberholzer was administering holy communion at Trinity church.

The vicar's evening sermon was taken from the question of God to Elijah, "What Dost Thou Here, Elijah?" A full program is in store for the church this week. This afternoon the younger branch of the Girl's Friendly Society will meet in the sewing room at 3:30 o'clock.

## Berkeley Young People Visit 1st Presbyterian

Twelve young people of the First Presbyterian church of Berkeley, were guests of the young people of the Richmond First Presbyterian church on Sunday evening. The Berkeley visitors conducted the services. This young people's society is composed of high school students. Rev. and Mrs. E. W. Haney will entertain them this evening.

## EVERYTHING SET FOR BIG SCHOOL PLAY ON FRIDAY

Every person connected with Richmond Union High school is now rehearsing, building or in some other way preparing for the big annual carnival to be staged Friday night for the benefit of the athletic fund. In the boiling sun yesterday, committee men and committee heads swarmed about the school getting everything in readiness for the event.

One of the biggest features of the carnival will be the staging of the musical comedy, "No, No Nannette." Miss Gertrude Woodward is directing this production. This show will be given in the assembly hall.

Another big attraction will be George Morris and his colored opera, presenting the "Ill Treated Traveller" in the band house.

Largest of all will be the monstrous ringless circus. The "Lost World" had nothing on the managers of this circus. In the lost world the prehistoric animals were seen merely in pictures but in this affair they will "appear in person." Even a number of animals seldom if ever before heard of will be seen, not only in cages but performing and romping about the arena as tame as kittens.

Side productions are under the charge of "Prof." James Cryan a past master of show production and for many moons director of side shows.

Some of the side shows will be the original human skeleton, black magic, man-eating fish, snake charmers, mermals, tattooed man, only living Siamese twins, original Bronese brothers, the bearded lady (original) and the world's strongest man.

## Three Divorces Are Filed By Local Women

MARTINEZ, Oct. 26.—Petitions to sever marital ties were entered in the superior court here today by three wives of Richmond.

Mrs. Edna Tork didn't approve of her husband's "magnetic personality" and many other powers with women" only a month after she married Edward Tork, the plaintiff declared. Then she says she was led to believe that Tork had established a home and had an excellent position, but this was not the case. Moreover, she avers, he often times gave checks that he could not cover, causing embarrassment to her. They separated on May 17.

Mrs. Nellie Benzing accuses John Benzing of telling her that he did not love her and was sorry he married her and declares that Benzing unbraided her because she "didn't know how to dress and couldn't cook." They married in 1921 and separated on April 14, last. Mrs. Benzing asks to be awarded \$1000 of the \$2000 on deposit in an Emeryville bank.

Threats against her life, curses and blows, are cited by Mrs. Ypolite Castaneda in a suit against Ignacio Castaneda. Mrs. Castaneda avers that she left her husband on October 3, in fear of his threats against her. The suits were filed by Tsar Calfee, of Richmond.

## Youth Recovers From Unexpected Swimming Party

Little Howard Paige, four year-old Oakland baby, is fully recovered from the effects of his "swim" in the Richmond bay last week. He was visiting in Richmond with Mr. and Mrs. J. L. Cassell, with whom he was staying in Oakland. After he had plunged into the bay he was rescued by Edward Hamel, 539 1/2 Ninth street. It was first thought that he was stricken with pneumonia.

## Appelgarth Motor Company Takes Agency for Willys-Overland

Announcement is made by the Willys-Overland Pacific Company of the appointment of Appelgarth Motor Co. as representatives for Overland and Willys-Knight motor cars in Richmond and vicinity. Copulating up as it does, the names of one of the best known local motor business men with the third largest manufacturers of motor cars in the world, this announcement marks an important addition to the local automobile business.

During the past year, the advances made by the Willys-Overland have been the sensation of the industrial world. At the start of the year this large manufacturer increased the line of models produced until its products now encompass every price class from the lowest to that of the most luxurious motor cars built.

Willys-Overland controls the United States rights to the Knights patents and is the largest builder of Knight motored cars in the world. Public interest in this patented motor has increased so rapidly that the Willys-Knight is ranked as one of the largest sellers in price classes ranging from \$1100 to \$2800.

Recent price cuts in the Overland line have brought Overland Standard Sedan down to the lowest figure ever reached in the manufacture of a four cylinder sedan equipped with a sliding gear transmission and the price on this model is only \$15.00 above that of the lowest priced enclosed car built.

The Overland Six, a new development with Willys-Overland this year is also one of the strongest bidders for supremacy in its field. With four distinct models, the new local dealer

will be fully equipped to satisfy every motor car demand. In speaking of the new development, Appelgarth, manager for the Overland representation said, "I selected the Overland and Willys-Knight line because of the values to be found in these cars. Recent accomplishments in power and endurance have shown me that they are cars of exceptional service. The general policies of Willys-Overland, Inc., are such that they assured fair and pleasant relations with owners."

## Horse Poisoned At San Pablo Coursing Club

Fred Moore, manager of the Richmond Coursing club, has lodged a complaint with Constable M. G. Moitoza of San Pablo and the sheriff's office in an effort to apprehend the persons who poisoned a full-blooded horse and who stole 50 hares used in connection with the coursing meets.

According to Moore the horse dropped dead Saturday night and an autopsy is being held to determine the nature of the poison. According to Moore threats have been made that he would be "put out of business" by several parties interested in the club and who were dissatisfied when he took it over a short time ago.

Howard Flint of the Standard Oil company, has moved into his new Mira Vista home. This home is one of the finest in Richmond.

## Melodrama Is Film Attraction At The Richmond

"Nellie, the Beautiful Cloak Model," the famous Owen Davis melodrama which was so popular a few years ago on the stage has been reproduced on the screen by Emmett Flynn for the Goldwyn studios, and received its local premiere at the Richmond theatre last night.

The picture is remarkable from every standpoint. A cast composed of the biggest names of the screen interpret the various roles. Claire Windsor is delightful as "Nellie." She has never appeared more beautiful than when arrayed in the gorgeous creations which she wears in this picture. Lew Cody, Mae Busch, Hobart Bosworth, Raymond Griffith and Edmund Lowe do exceptional work. Lilyan Tashman, ex-Follies, the story is essentially a melodrama makes her screen debut in this picture and shows great promise.

One whirling sequence moves into another with lightning rapidity. The elevated tracks of New York are employed to provide thrills for one sequence. The fire in the modiste shop holds one breathless. A more realistic fire scene is hardly obtainable. Nellie is kidnapped from her home. She is forced to work and save for her sick father, who in reality is an old suitor of her mother's. When she reaches womanhood she has to seek work in a modiste shop. Her troubles multiply rapidly, providing plenty of excitement for any screen audience.

Lucien Andriot, who did the beautiful photography for "In the Palace of the King" is responsible for the camera work in this picture.

Other features include "The Big Town," an "Our Gang" comedy; "Topics of the Day"; "Aesop's Fables."

## "BABBITT" IS WELL RECEIVED AT CALIFORNIA

"Babbitt," the Warner Brothers picture which opened yesterday at the California theatre to a packed house, proved to be a faithful mirror of Sinclair Lewis' towering novel. "The author himself chose this production company to picture his book, offering it to them for less than the price made him by another firm, because Sinclair Lewis wanted his biting sarcasm of the average American business man to reach the mass of people without any sugary falsity."

The drab people in "Babbitt," as Mary Alden, who plays Mrs. Babbitt, puts it, all have the souls of singing madrigals, until the inner life suppressed, crushed, denied, screams. The tragedy is a mental one, yet terribly intense in its simple background of dining room, real estate office and Tania's drawing room. Many a battle scene has stirred you less.

Willard Louis, whose performance of the Prince of Wales in "Beau Brummel" is one of the sensational successes of the year, plays George F. Babbitt with the double psychology of a man who is a fool, yet a man who is a fool, well so am I. Here's to both of us!"

Dorothy Farnum has been equally as careful to bring over to the screen every nuance of the book.

Harry Beaumont, the director, too, can face Sinclair Lewis and the big public that already loves the book, unafraid. He has violated nothing. One commonplace scene after another is given with its subtle undercurrent of impending tragedy.

Are the "movies" really advancing to genuine interpretative art away from distortion and destruction of the great classic?

Well, "Babbitt" as it reveals itself in production, is at any rate.

Other features on the same program include "A Cloudy Romance," an Imperial comedy; "Topics of the Day"; "Aesop's Fables"; Larry Canelo at the organ.

## Dr. Leatherwood Loses License

After a prolonged hearing the State Board of Osteopathy in San Francisco has revoked the license of Dr. E. A. Leatherwood, San Francisco osteopath, one of the principal witnesses for "Bishop" Wilbert Leroy Cospo, Oakland cult head, convicted of the medical practice act.

Leatherwood was forced to defend his license as a result of his participation in a clinic conducted by Cospo, "apostle of the divine chemist" and head of the Christian Philosophical Institute, at the Richmond home of Mrs. Otto Detrich at a

## Rev. M. H. Greenlee Is Returned to The M. E. Church South

The re-appointment of Rev. M. H. Greenlee to his charge here at the Community Methodist Church, South, was received with a great deal of enthusiasm here yesterday, by the congregation of the church and his many friends here. The re-appointment was made at the Pacific conference of the church, which closed in Berkeley Sunday night.

Work for the coming year is to be laid out at a meeting to be held at the local church on Wednesday evening. Rev. Greenlee has sent out a call for all members of the church to be present at this meeting. All departments of the church are looking forward to a big year, according to Rev. Greenlee.

## St. Paul's Will Appoint Committees To Guide Destines

Committees which will guide the activities of the St. Paul's Catholic church in San Pablo are to be appointed at a meeting to be held tonight in the church beginning at 7:30 p. m. It is the intention to effect a permanent organization and a great deal of interest has been shown in this form of supervision.

time when she was about to become a mother.

During Cospo's trial in Martinez, witnesses testified that Leatherwood during the course of the clinic had thrown cotton balls at students and had at one time during the same clinic clicked his heels together.

Participants in the clinic, however, denied the allegations.

Among the witnesses who appeared before the state board, were Mrs. and Mrs. Detrich and Mrs. Min Henning, sister of Mrs. Detrich, all of Richmond.

## MUCH DAMAGE DONE BY BIG GRASS FIRE

A fire that threatened a number of buildings and caused several hundred dollars damage to pasture land broke out on the A. M. Lutz ranch in San Pablo yesterday morning. It was put out after an hour and a half of hard work by the Richmond fire department and a crew of volunteers. The fire started when a railroad crew lost control of a blaze started to burn railroad ties.

An automobile belonging to K. Bloom of Richmond, caught afire from a back fire at 8:30 yesterday morning. The damage amounted to \$250.

They beat the Marines Sunday.

## TO REBUILD OUTFIELDS

**NEW YORK, Oct. 26.**—All outfielders in both major leagues are due to be rebuilt in 1926 with the possible exception of one. The Pirates seem best fitted to go into another season as is but the fact that Wauer of the Seals goes into that outfield indicates a change there also. Carey's work in the last series kept him out of a managership for two years.

## CARDS BATTLE OREGON

Next Saturday will give the first opportunity for fans to compare Stanford and California before laying their wagers on the Big Game. The Lemon Yellows come to Palo Alto on that day to meet Pop Warner's crew and the score of that game will indicate whether or not Stanford will give the Bear the toughest battle in years in November.

## HUNTING IS GOOD

Duck hunters had the best shooting of the season Sunday. Scores of local nimrods out on the marshes and clubs and many have returned reporting limit bags. Stinson Beach and the Montecuma Gun club users seem to have netted the best results. Numerous shooters returned from these two places declaring that they could have bagged many more.

## ATHENS STARTS GOLF

Golf tournaments between stars of the Athens Athletic club and other clubs will soon be in order. Eugene E. Treffethen, chairman of the athletic committee, announced yesterday. A check will be made of the club roster and the best men will be picked out for the purpose of putting the Athens Athletic club on the map in golf circles throughout the state.

WILLS EASILY  
DEFEATS FLOYD

(By Universal Service)

NEWARK, N. J., Oct. 28.—Harry Wills won a technical knockout from Floyd Johnson in a ridiculous conflict here tonight. After two minutes and twenty seconds of fighting in the first round, Charley Cook, Johnson's second, tossed a towel into the ring. Although Johnson did not lose his feet once during those hectic two minutes he received a terrible beating—but fans believe that he should have been given a chance to stick it out until the end of the round.

Wills had blood in his eyes when he entered the ring and had been told to finish the fight as soon as possible to insure his standing for the coming (?) conflict with Jack Dempsey.

FR. CARROLL IS  
NEW TITLIST

**MARTINEZ, Oct. 26.**—Rev. Father A. Carroll is today in possession of the cup offered by the Contra Costa Golf club to this year's titlist, he having captured the title as club champion by defeating George Aljian in a close match at the Pacheco Links Sunday. Father Carroll won by a score of three up and two to go.

The first three holes were won by Aljian and the next four were halved. Father Carroll then took six holes in succession and halved on the fourteenth and fifteenth. Aljian broke in again by taking the sixteenth, but halved on the seventeenth and lost the match.

Commercial Traveler  
Winner at San Pablo

A large crowd saw Commercial Traveler, owned by Harrington and Jones, capture the open stake at the San Pablo coursing meet Sunday. He beat 15 of the best dogs in the vicinity. The park stake went to Vallejo Boy. A meet of as great interest as Sunday's will be pulled off Sunday, according to Fred Moore manager of the club.

Steve Huzefka

Steve Huzefka, who has for two years been employed by the Richmond Fire department as an alarm operator, has resigned his position

Oakland Taken  
Down Line By  
Richmond Bills

Starting out in the second-inning and playing regular baseball for the remainder of the game, Richmond lodge of Elks, Standard Oil club, walloped the Oakland B. P. O. E., champs of northern California, 6 to 3 at First Street park Sunday in the Christmas hairy game.

The Oaklanders put across their only runs in the first inning. A single, a double and a homer, did the work, with the aid of errors by Autry and Huzefka. Charley Friene went four innings in the box, then Hal Dimock took up the work for three more and Frank Wolfram finished the job.

Richmond made its first two runs in the fourth, then two more in the fifth and the last two in the eighth. Martini relieved Sprinkle in the Oakland box in the sixth and held until the eighth.

## DARTMOUTH TO PLAY IN WEST

LOS ANGELES, Oct. 26.—No classic football game for the championship of the country will be seen at Pasadena this year, according to reports circulating here tonight.

Rumor has it that Dartmouth will represent the East in the annual East-West game. The Pacific Coast conference will name the coast team. For a number of years this annual affair was hailed with joy by all Westerners as it gave them a chance to show the populace of the East the variety of football men turned out where men are men. And seldom it is that this is not demonstrated. But this year nothing will be decided. It will merely be a "friendly" little match to furnish amusement but probably not much blood to a crowd of fans who are in Pasadena at festival time.

## Final Rites For George W. Wolfe

Funeral services for George W. Wolfe who died in San Francisco yesterday will be held from the Wilson and Kratzer chapel tomorrow afternoon at 2 o'clock under the auspices of Eclipse Lodge, I. O. O. F. Sunset Ciew cemetery will be the place of interment.

Wolfe was 42 years of age, a world war veteran and had resided in Richmond for four years. He was native of Virginia and a member of Richmond lodges of Moose and Odd Fellows.

Deceased leaves his parents, Mr. and Mrs. J. Henderson Wolfe, of Virginia, and the following brothers and sisters: Charles W. Wolfe, 515 Thirteenth street, Richmond; O. P. Wolfe, Basie, Idaho; J. J. Wolfe, Houston Texas; Mrs. Charles N. Kelsey, Bristol, Tenn.

## Local Man Has Loss of Memory

After being picked up in Pittsburg where he was wandering about not knowing who he was or where he was from, Fred L. Bice, of the St. Catherine apartments, Richmond, was identified by means of an Elk's membership card and returned to his home here. This is not the first lapse of memory Bice has had. He was injured on the head some time ago and this is believed responsible for the apoplexy. He regained his memory after sleeping for several hours.

## Four Automobile Accidents Injure Four People Here

Six automobiles smashed with four people injured and a fine of \$100 and ninety days in jail on a charge of reckless driving against one driver was the result of four automobile accidents, which occurred in Richmond Sunday afternoon and evening.

Peter Cizmlich, 15 of East Richmond avenue, who suffered a broken leg, when he darted in the path of an automobile driven by Frank Smith Jr., 125 Contra Costa avenue, was treated at the Abbott Emergency hospital. According to a report made to the police, Cizmlich in company with some other boys was playing ball near the new Municipal bath house, when the accident occurred. Steve Habich, 24 Geary street, San Francisco, suffered a fractured right arm and severe cuts and bruises; Tony Ahmdeo was cut and bruised; and Victor Suhor was cut about the face and hands when a car in which they were riding and driven by Suhor crashed into car driven by Henry Callo, a taxi driver of 705 Ocean avenue, on Garrard boulevard, south of the tunnel.

According to the police Suhor who was driving south on Garrard boulevard was on the left side of the street and that after the crash a quantity of liquor was found in Suhor's car. Suhor is alleged to have left the car and hid behind some bushes in the vicinity when he was apprehended by officers.

Mr. and Mrs. Samuel Hounsell, were occupants of the Callo machine, but escaped without injury, as did Callo.

Authorities have not as yet decided if a liquor charge is to be placed against Suhor. He pleaded guilty to a charge of reckless driving before Police Judge C. A. Odell yesterday who meted out a sentence of \$100 fine and ninety days in the county jail.

Cars driven by H. B. Vanskike, 543 Fourth street, and R. F. McLaughlin, 319 Chanslor avenue, collided on Tenth street Sunday night without injury to any of the occupants.

A similar accident occurred to cars driven by Harold Marshall of Berkeley and S. Aguirre of North Richmond at First and Barrett. No one was injured, although some damage was done to the cars.

**DAUGHTER IS BORN**  
A daughter was born to Mr. and Mrs. William Richard, 525 Eighth

Paul Cain, of the O. K. Barber shop, accompanied by Mrs. Cain, returned from Portland, Oregon yesterday, where he visited with his son, who had the misfortune of having his leg severed under the wheels of a train on which he was working.

## Vaccination Is Only Sure Means To Curb Disease

(Continued from Page 1)  
pox is easily and positively preventable is definitely proven by the accumulated evidence of more than a hundred years of vaccination. Up to thirty years ago, vaccines were sometimes contaminated with germs, causing severe sore throats and objectionable scars. Even so, it was the means of saving millions of lives and preventing untold suffering. The occasional bad complications from vaccination, experienced in those days when vaccine was not free from harmful germs, are now used for propaganda and exploitation by thoughtless antivaccinationists. At the present time, smallpox vaccine is made entirely free from harmful germs and when it is applied with surgical cleanliness and the site of the vaccination kept clean, no bad results can follow.

"Smallpox is common to all ages and both sexes. The most common source of disease is close contact with the patient himself. The cause of smallpox is not definitely known but it is undoubtedly due to a germ. The disease develops in from ten to fourteen days after exposure. The onset is rather sudden. About the twelfth day after exposure, the patient has a chill or chilly feeling, then more or less of a fever occurs and a more or less rapid pulse, with these, he has headache, generally a severe backache, perhaps some vomiting, pain in the stomach, dizziness and sweating. On the evening of the third day or thereabouts, the rash appears, mostly on the face. When this appears, the distressing symptoms all subside and the patient feels comparatively comfortable. At this stage, the patient frequently gets up and walks about. The eruption is first a red spot, soon turning to a pimple, vesicles and pustules. About the eighteenth day, the pustules begin to dry up and finally disappear. If smallpox breaks out in a highly civilized, well nourished, well-housed community, it will kill a certain number of those attacked just as it did in the dark ages. Those who die will be the ones not vaccinated.

"A true vaccination always prevents smallpox. Nothing else does."

"A true vaccination properly done on a clean arm with pure potent lymph and kept perfectly clean and unbroken until after the scab falls off, naturally, never did and never will make a serious scar."

"A true vaccination leaves a characteristic scar, unlike that from any other causes and is the only conclusive evidence of a successful vaccination."

"A true vaccination is never followed by any untoward events. The greatest care should be taken to prevent any breaking of the surface from the time of the vaccination until the scab has dropped off."

"During twenty-five years of use by the most competent vaccinators, smallpox vaccine has been demonstrated to cause no serious discomfort, pain or soreness. Vaccination is thus no longer to be feared, but rather sought after, as the only safe, positively harmless and absolutely certain safeguard against a loathsome pestilence."

## HARBOR LODGE CONFERS DEGREE

The third degree was conferred on a candidate by Harbor lodge, No. 502, F. and A. M., as the session conducted in Masonic hall last night. In charge of the ceremonies in connection with the conferring of the degree, was the regular staff of officers of the lodge. They were headed by M. C. Hencken, worshipful master.

## East Shore Park To Be Scene of Woodman's Dance

Combined forces of Royal Neighbors and Modern Woodmen of America, are working hard perfecting plans for the big dance to be given at East Shore park on the evening of November 7. The committee of Royal Neighbors is Mrs. Sigma Lyons, Mrs. M. R. Ferry, Mrs. L. R. Marshall and Mrs. J. Felciano. The Woodmen are represented by Frank Carroll, S. Cook, R. M. Stenmark, and W. Sievers.

The drill team held a practice after the regular meeting in Memorial hall last night presided over by Oracle Mrs. Lyons. The practice was held in preparation for the exhibition drill to be held at the bi-county meeting on Tuesday, November 3, at Hayward. The local team will also assist with the initiation at that time.

The Royal Neighbor Juveniles, under the direction of Mrs. Catherine Miller met before the adults. It was decided to have the juveniles in the future known as "Golden Poppy" camp. A drill team was also formed with Walter Black as captain. Drill will be held the first and third Monday nights of each month. All members are urged to be out next Monday.

## Benefit Whist Party is Held

The second and last of the whist parties given by Mrs. Lella Osborne and Mrs. Carrie Sargent in Music hall for the benefit of a local disabled war veteran, was held last night. Nearly 30 tables of players were at the party, enjoying the evening competing for the attractive prizes put up for high score winners.
